

Policy Statement

Bouthillette Parizeau Inc. and all of its subsidiaries (the “BPA Group”) are committed to the objectives of the Accessibility for Ontarians with Disabilities Act, 2005 (“AODA”) and the Ontario Human Rights Code, the Quebec Charter of human rights and freedoms, the Alberta Human Rights Act and the British Columbia Human Rights Code.

The BPA Group will continue to provide its goods and services to persons with disabilities consistent with the core principles of independence, dignity, integration and equality of opportunity.

The BPA Group is committed to excellence in servicing all customers including people with disabilities. The BPA Group has formulated this customer service policy to comply with the requirements under the AODA and the applicable human rights legislation.

Communication

We will communicate with people with disabilities in ways that take into account their disability and we will consider how the person’s disability affects the way the person expresses, receives and processes communications. We will train employees and volunteers who communicate with customers on how to interact and communicate with people with various disabilities.

Billing

We are committed to providing accessible invoices to all of our customers. Upon request, invoices may be provided electronically or in hard copy with adjustments to font size.

We will answer any questions that customers may have about the content of the invoice by telephone, or via email, addressed to:

Operations

E-mail: operation@bpa.ca

Telephone Services

We are committed to providing fully accessible telephone service to our customers. We will train employees and volunteers to communicate with customers over the telephone in clear and plain language and to speak clearly and slowly. We will offer to communicate with customers by email, in person or with the assistance of an assisted device or a support person, if telephone communication is not suitable to their communication needs or is not available.

Assistive Devices

We are committed to serving people with disabilities who use assistive devices to obtain, use or benefit from our goods and services. We will ensure that our employees are trained and familiar with various assistive devices that may be used by customers with disabilities while accessing our goods or services. We will allow all customers to use their assistive devices while receiving services from the BPA Group. In cases where the assistive device presents a significant and unavoidable health or safety concern or may not be permitted for other reasons, other measures will be explored and implemented to ensure the person with a disability can access our goods, services or facilities.

Service Animals and Support Persons

We are committed to welcoming people with disabilities who are accompanied by a service animal on the parts of our premises that are open to the public and other third parties. We will also ensure that all employees, volunteers and others dealing with the public are properly trained in how to interact with people with disabilities who are accompanied by a service animal.

When we cannot easily identify that an animal is a service animal, our staff may ask a person to provide documentation from a regulated health professional.

We are committed to welcoming people with disabilities who are accompanied by a support person.

At no time will a person with a disability who is accompanied by a support person be prevented from having access to their support person while on our premises. In some circumstances, we may require a person with a disability to be accompanied by a support person when on the premises if a support person is necessary to protect the health or safety of the person with a disability or the health and safety of others on the premises.

Notice of Temporary Disruption

The BPA Group is aware that the operation of its services and facilities is important to its customers. However, temporary disruptions may occur due to reasons that may or may not be within the BPA Group's control or knowledge. The BPA Group will provide customers with notice in the event of a planned or unexpected disruption to the facilities or services usually used by people with disabilities. This notice will include information about the reason for the disruption, its anticipated duration and a description of alternative facilities or services, if available.
